2012 Varsity Outlook

Chad Arneson

Santa Barbara remains a hotbed of volleyball, and the 2012 Boys' High School team should continue that tradition. The team faces the loss of some key players, but this year's team is blessed with many returning varsity players and has strong support from upcoming JV players. We have an experienced team, with nine seniors. Nevertheless, we are looking at this as a year of accomplishment and not as a rebuilding year.

Last year the Dons placed first in Channel League and lost in the first round of playoffs. This year our competition in Channel League will be stronger than last year, and we start the season ranked tenth in the preseason poll in Division 1. Early season games have indicated that all the top teams are closely matched.

We are fortunate to have scheduled games with all the top teams in the county. This should test the abilities of our team.

Santa Barbara remains the team to beat in the Channel League. We have won the conference title for the past seven years, and are favored to win again this year. Although the conference is getting stronger, I think our team is also improving, and so I expect to push our team toward a eighth consecutive conference championship.

The continued success of this team depends, of course, upon the enthusiasm of the community. We have enjoyed that support; we hope to continue to receive it; and we expect to perform up to our past levels. The Santa Barbara volleyball program consists of many people in addition to the varsity players and coaches. It includes the supportive student body, the devoted parents, the players who will join the team in the future, and the community. I hope you will all participate in this upcoming season with the same enthusiasm that we have enjoyed in the past. We promise to make you proud and bring you a very exciting volleyball season.

Message from the Principal

It is a great honor to be a part of a school in which both academics and athletics are priorities that are viewed by our school community as valuable experiences that go hand in hand. This concept is the fabric that is the Dons tradition. With confidence I can state that one of the best examples of that is our boy's volleyball program.

Going back for decades this program has produced many outstanding athletes, some of whom are now famous for their contribution to the game of volleyball. But the program has also been known for having athletes who are also outstanding students. Their commitment to academics and athletics is

astounding and a tradition that we should all be proud of.

There is no doubt that this season brings with it the excitement of top quality volleyball. Coach Arneson and his staff will once again lead a program that will be a fierce competitor among CIF's top boy's volleyball programs. This always makes it exciting to walk into the gym this time of year. I encourage you to come out often and support our program.

I also want to express my appreciation for all the parents, community members, and alumni that support our boy's volleyball program. Without your support we could not continue to compete at the level that we do. And, I am particularly thankful for the students who come out to support our boy's in their quest to be the best they can be.

Your support is appreciated and we look forward to a great season.

Go Dons!

Varsity Assistant Coach

John Gannon is entering his seventeenth season as a volleyball coach. He has worked at Santa Barbara High School the past ten years, fulfilling a dream of teaching history and coaching. John attended the University of California at Santa Barbara majoring in Political Science, and then returning to earn a Masters in Education.

John would like to thank all the parents for their hard work and dedication to the volleyball program. Santa Barbara has some of the best parents in the nation! Thank You!

CAPTAINS

#3 Gavin Trudeau, #11 Holden Ploch and #12 Nick Clark

We are entering this season with a team full of variety and skill. With these assets we believe we will meet our goals, and exceed our expectations. We have two goals this year: first, to win Channel League, second, to go as far as possible in play-offs. We as captains feel that this year's team is very competitive in comparison to past varsity teams. On behalf of our entire team, we would like to thank John Gannon for being an amazing assistant coach. We would like to thank Chad for his time spent improving our team and each individual player. Chad's energy, commitment, and enthusiasm for the sport, has helped us tremendously! Also, we would like to thank the parents, volunteers, and our trainer (Char) for their countless hours contributed to our team.

Thank you all for supporting the boys volleyball program. We are hoping for another great year!

GREAT JOB NICK!

GRANDPA & RONDA

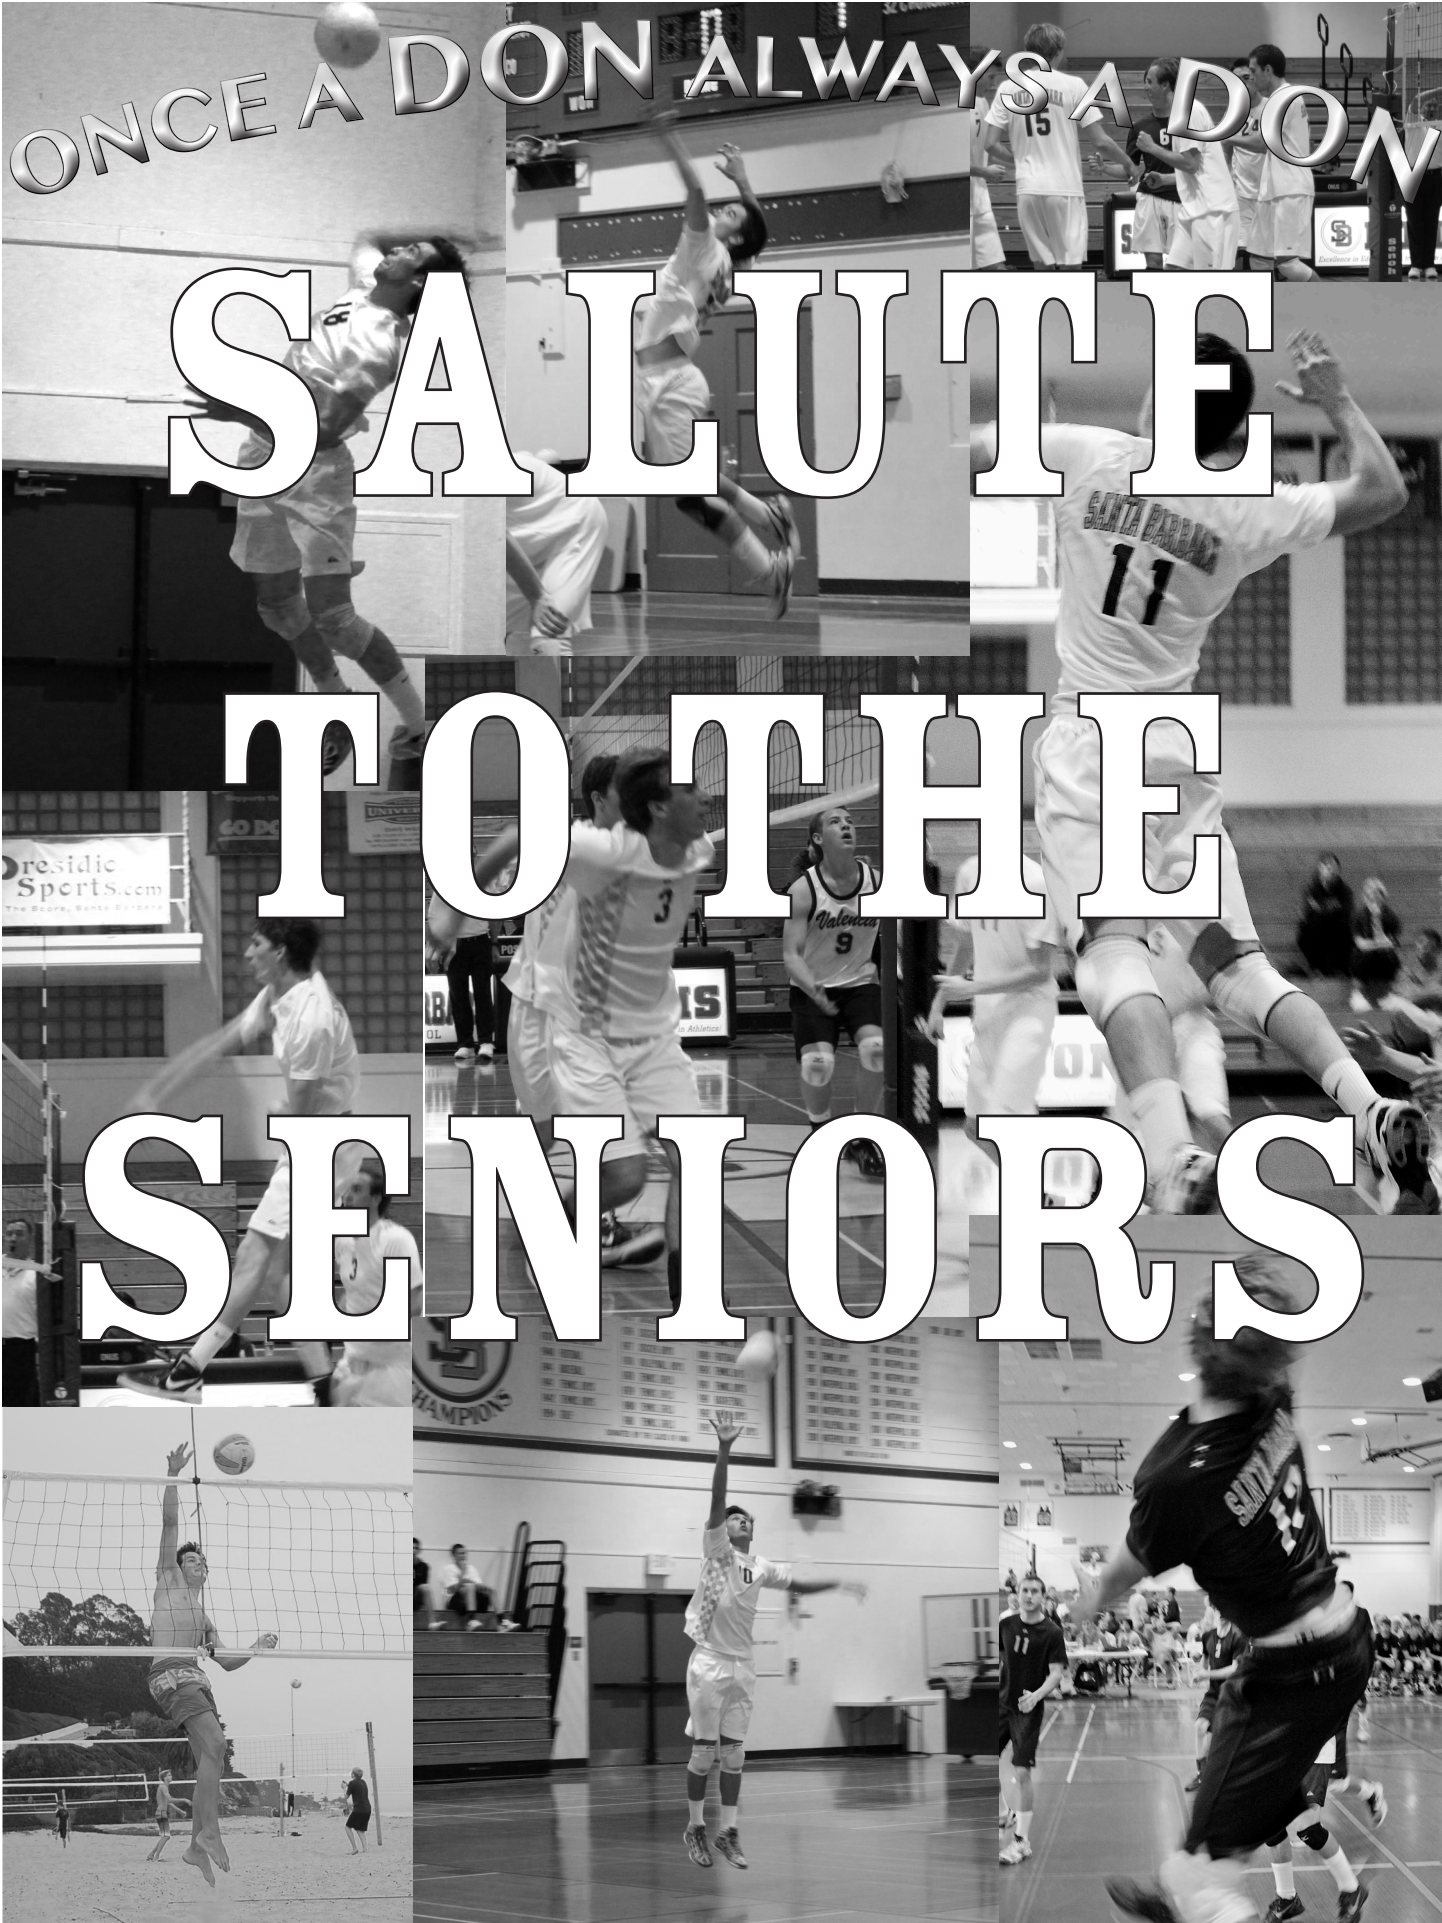

ONCE A DON ALWAYS A DON

SALUTE

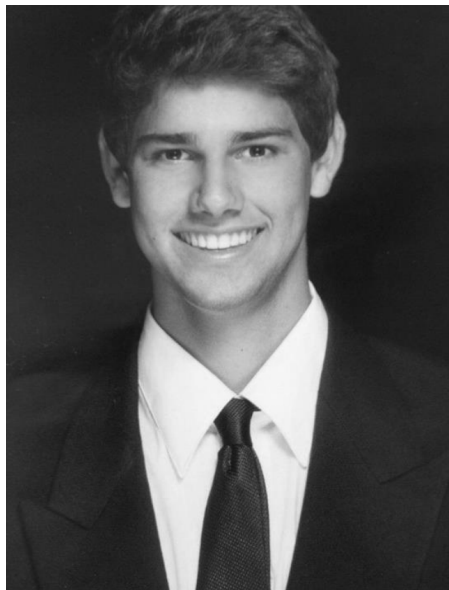

TO THE

SENIORS

ANDY BUSCH

BEN REISMAN

Playing for the SB Volleyball Program the past four years has helped to make high school experience all the more enjoyable. Coming into my freshman year I had only played on the beach and I was fortunate enough to have

Dan Williams as a coach to teach me about the indoor game and then John Gannon guidance for two years. I would like to thank Chad Arneson whose positive coaching and passion for the game is inspirational. I would also like to thank my family who has supported me, and my teammates who have helped to make each season as great as they have been.

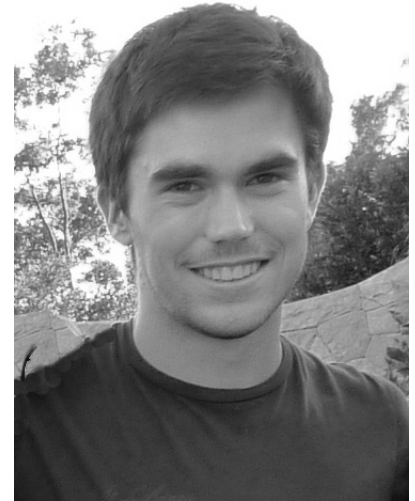

Playing volleyball for the years that I have has been an invaluable experience. I have learned timeless lessons of handwork, cooperation, and persistence and I thank all of those who have help me along the way, my parents, club coaches, John Gannon, and of course, Chad. He has provided a youthful spirit to remind us of how fun volleyball can be, while consistently instilling discipline to shape us into mature young-adults. I have also had the pleasure of playing with an awesome group of guys. You've made my high school experience all the more enjoyable and I look forward to making the most of this year with all of you.

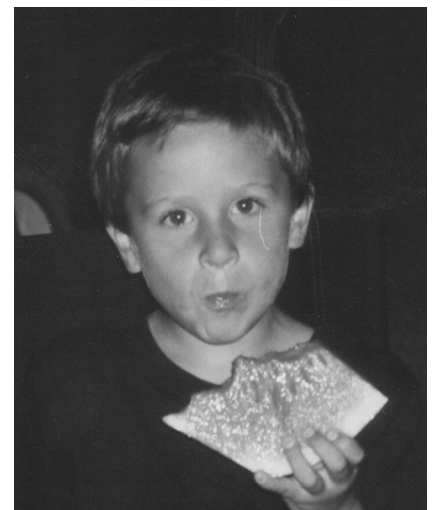

CASEY SLAUGHT

GAVIN TRUDEAU

Being on Santa Barbara High School's volleyball team for three years has been an outstanding experience. I have met many friends through volleyball and my coaches have always been supportive. I'd like to thank Chad, John Gannon, the Cervantes brothers for being wonderful coaches. I would also like to thank my parents for giving me the opportunity to attend Santa Barbara High School and make my dream of living here a reality. SBHS has become such a big part of my life and I am proud to call myself a Don. To everyone who has made this possible, thank you! Go Dons!

Santa Barbara High School Volleyball has defined me as a young adult. The game of Volleyball has shaped my life in so many ways.... it has taught me discipline, work ethic, follow-thru and most importantly...motivation to do my best and be my best. I want to thank all of my coaches in both club and high school mainly.... Coach Arneson, Gannon, Koski, Cervantes, McGuire and of course Armen for giving me the opportunity to try different positions and to allow me to find success in everything I attempted. I am blessed to live in such a beautiful place that has so many volleyball opportunities and such a huge volleyball legacy. It is a privilege to play under the same lights that Karch Kiraly once did. I want to thank Dax Holdren for introducing me to love the game of volleyball.

HOLDEN PLOCH

NICK CLARK

The past four years I have spent at Santa Barbara High have been fueled by the relationships I have made from playing volleyball. The special part about our team this year is our unity. Most of us have been playing together for many years and have really connected as a team this year. I would really like to thank Chad for being such a great coach/mentor, and for believing in me even when I was a tiny sophomore. I would also like to thank Mr. Gannon for teaching me great fundamentals, and Shane and Ric Cervantes for keeping me motivated. Also, a huge Thank You to my parents who have driven me all over California, giving up massive chunks of their time, to pursue volleyball. You guys are the best! And thanks to Roxana for the best Snack Shack ever!

My only regret regarding volleyball is that I didn't play my freshman year. The last three years of playing volleyball have been one of the best parts of high school. I'd like to thank Chad for convincing me to play my sophomore year. I'd always thought of myself as a basketball player, but I think that has changed. I'd also like to thank Gannon for being patient with me and teaching me how to play the game when I came to his JV team knowing absolutely nothing. I'd like to thank my mom for supporting me in trying a new sport and being supportive when I decided to take it on as a second sport. Finally I'd like to thank my teammates. I've had a great three years with you guys in high school and club. Thank you all.

SAM COHEN

ROBBIE GALLIVAN

Playing Volleyball for Santa Barbara has been one of the greatest honors and one of the most fulfilling experiences I have had. These last four years have been incredible learning experiences, and have provided me with some of my most treasured friendships. I am grateful to have been able to play for such wonderful coaches like Dan, Chad, and Gannon. I would also like to thank all the parents for the time and energy that they put into the program. Lastly, I would like to thank my parents for everything they do for me and for giving me

the opportunity to pursue my dreams. I look forward to applying everything I have learned through Santa Barbara Volleyball to everything that comes next in my life.

Go Dons!

The experiences that have resulted from these past 4 years in the volleyball program have been unparalleled in both demand and reward. I have been blessed with the opportunity to play under coaches whose love for the game rivals even mine. I will never forget the passion of Chad Arneson, the determination of John Gannon, and the enthusiasm of Dan Williams. All three have given to me skills and memories that will last a lifetime, and, for that, I thank them.

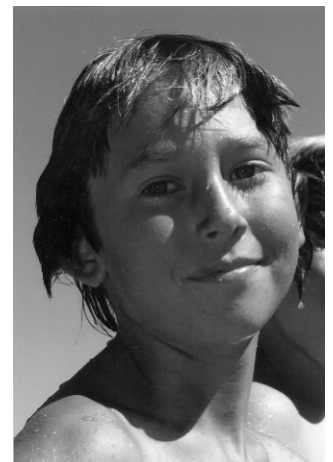

TIM CRONSHAW

VINCE VELASCO

Playing for the Santa Barbara High School volleyball team has definitely made a lasting impression on me, both as an athlete and as a human being. The bonds that I have made during these four years are everlasting and ultimate, and will be what I will revisit in future reminiscence. My teammates have all, at one time or another, earned their ways into my "highlight reel." Whether it was a clutch JV or Varsity

win against DP, or an incredible trip to Hawaii, our volleyball endeavors have been timeless. I would like to thank my coaches throughout the years for helping me progress as a player, but I would especially like to thank my family for always supporting me, always encouraging me, and always pushing me to achieve to my fullest potential- I love you guys so much, and thank you!

PLOCH!

YOU ROCK!
